

ORIENTATIVE ESTIMATE OF THE BUDGET (€) NEEDED TO COMPLETE THE MER MSc COURSE

Students without a Erasmus Mundus scholarship are eligible to be awarded a MCG waiver so that **the full registration for the two academic years is 6000 €, provided pathway A2 is followed**. We can assist you in getting funding but we cannot ensure you will be successful. We strongly recommend that you consider the expected costs of the programme. A gross estimate has been summarized in the next table, for your consideration:

(1) Estimates based on only 1 semester granted along the 2 year period; but they might be 2 in some cases.

(2) Third country students are not eligible unless they have a 2 yr residence (non student) in Spain. Today, the 2013 call is not ensured yet.

(3) Main travel costs are not included.

(4) Most common situation, but any other is also possible and it has happened before in many cases.
